

Cover Up with Cover Crops

Cover Crop Practices Workshop

Join us at SUNY Adirondack for an introduction to cover crop practices with a focus on soil health to protect natural resources while improving farm production. There will also be a field walk to learn about cover crop techniques for soil, nutrients, weed suppression and much more on the college's market farm. Healthy soils grow strong crops which are the foundation of a farm, so cover up with cover crops!

This workshop will be out in the elements, so be sure to bring your gear!

Workshop Details:

Thursday, Sept 19th, 2:00pm-5:00pm

SUNY Adirondack Campus

640 Bay Road Queensbury, NY 12804

Lunch will be provided

Space is limited so please **RSVP** to

Nick Rowell by 9/13/2019
